

A Worker's Wish List

I don't want unrealistic wage increases.

I want to keep up with the cost of living.

I don't want unfair advantages.

I want job security.

I am not opposed to all infrastructure spending.

I want the government to support workers too. Let's compromise.

I don't want the sun, the moon and the stars.

I want the GNWT to **negotiate** with the union.

**REJECT PROPAGANDA.
EMBRACE TRUTH.**

Brought to you by
the Union of Northern Workers.
Please watch for GNWT
bargaining updates at www.unw.ca.
